

Fully Integrated & Fully Supported

EBSCOhost® Integration Toolkit

The EBSCOhost Integration Toolkit (EIT) enables users to access premium business content from within enterprise search applications, corporate portals, and intranets. EIT options range from simple to sophisticated, to match any integration requirement. EIT increases the value of Enterprise Search Application (ESA) investments, by integrating EBSCO's premium databases into the corporate workflow, while dramatically reducing the cost and complexity of custom integration for corporate IT departments.

Sustainability information integrated within your current online platform & workflow

EIT options include:

- Web Service (XML Gateway)
- Enterprise Search Integration (ESI)
- SharePoint
- Learning Management System (LMS)
- Persistent Links
- OpenURL Linking
- RSS Feeds
