

Hospitality & Tourism Complete

Complete Coverage List

"Core" coverage refers to sources which are indexed and abstracted in their entirety (i.e. cover to cover), while "priority" coverage refers to sources from which include only those articles which are relevant to the field.

*indicates that this publication was recently added to the database and therefore few or no articles are currently available.

Please note that the following title list does not represent the Select content found in this database. The Select content is chosen from thousands of titles containing articles that are relevant to this subject.

Full Text refers to text only, and/or text with graphics, and/or full page image coverage. Publications included on this database are subject to change without notice due to contractual agreements with publishers. Coverage dates shown are the intended dates only and may not yet match those on the product. Due to third party ownership of full text, EBSCO Publishing is dependent on publisher publication schedules (and in some cases embargo periods) in order to produce full text on its products.
