

McClatchy-Tribune Collection

Database Coverage List

The McClatchy-Tribune Collection includes a 90-day archive of newspapers from the McClatchy-Tribune wire service. The data is updated daily.

"Cover-to-Cover" coverage refers to sources where content is provided in its entirety

"All Staff Articles" refers to sources where only articles written by the newspaper's staff are provided in their entirety

"Selective" coverage refers to sources where certain staff articles are selected for inclusion

Please Note:

Publications included on this database are subject to change without notice due to contractual agreements with publishers. Coverage dates shown are the intended dates only and may not yet match those on the product. All coverage is cumulative. Due to third party ownership of full text, EBSCO Publishing is dependent on publisher publication schedules (and in some cases embargo periods) in order to produce full text on its products.
