

EBSCO Publishing Releases *MEDLINE*[®] *Complete* – the Largest Full-Text Collection for Biomedical Research Available
~ *More Full Text for the Most Prominent Journals Indexed in MEDLINE*[®] ~

IPSWICH, Mass. — February 7, 2012 — [EBSCO Publishing](#) (EBSCO) continues to expand access to leading content for biomedical research with the release of [MEDLINE Complete](#)[®]. *MEDLINE Complete* is the largest full-text companion to the *MEDLINE* index ever assembled and provides full text for more than 1,850 journals. This wide-ranging file contains full text for many of the most used journals in the *MEDLINE* index — available in *MEDLINE Complete* with no embargo.

MEDLINE Complete provides authoritative journal coverage of the following disciplines: medicine, nursing, dentistry, veterinary medicine, the health care system, pre-clinical sciences as well as many other areas. With coverage dating back to 1857 and full-text back to 1865, *MEDLINE Complete* is the definitive research tool for medical literature.

Users of *MEDLINE Complete* can access the resource anytime and anywhere using EBSCO's mobile technology. All databases available through *EBSCOhost*[®], are available through one or more mobile applications that are supported by most mobile devices.

MEDLINE Complete is part of a growing collection of multidisciplinary medical resources offered by EBSCO including: *DynaMed*[™], *CINAHL*[®], *Nursing Reference Center*[™], *Rehabilitation Reference Center*[™] and *Cochrane Collection Plus*.

About EBSCO Publishing

EBSCO Publishing is the world's premier database aggregator, offering a suite of more than 350 full-text and secondary research databases. Through a library of tens of thousands of full-text journals, magazines, books, monographs, reports and various other publication types from renowned publishers, EBSCO serves the content needs of all medical professionals (doctors, nurses, medical librarians, social workers, hospital administrators, etc.). The company's product

lines include proprietary databases such as *CINAHL*[®], *DynaMed*[™], *Nursing Reference Center*[™], *Patient Education Reference Center*[™], *Rehabilitation Reference Center*[™], *Rehabilitation & Sports Medicine Source*[™] and *SocINDEX*[™] as well as dozens of leading licensed databases such as *MEDLINE*[®], *PsycARTICLES*[®] and *PsycINFO*[®]. Databases are powered by *EBSCOhost*[®], the most-used for-fee electronic resource in libraries around the world.
