DynaMed Plus® and Zynx Health have partnered to provide you with the information you need, when you need it. DynaMed Plus is a collection of the most current evidence curated from over 500 medical journals and presented in a bulleted summary. Physicians around the world use DynaMed Plus to get fast answers to clinical questions. Zynx Health is the premier provider of evidence-based order sets, plans of care, and checklists that help clinicians make informed decisions that lead to better outcomes for patients. If you want to access your DynaMed Plus subscription via Zynx order sets, plans of care, or checklists contact your Zynx Health account manager and request that DynaMed Plus be activated.
