

Religious Studies Resources

from EBSCO

Comprehensive Databases Covering Most Religions and Theological Doctrines

Religion & Philosophy Collection™

An essential tool for researchers and students of theology and philosophical studies, this database includes:

- Nearly 300 full-text journals
- Nearly 260 peer-reviewed titles
- Topics covering world religions, major denominations, biblical studies, philosophy of language and more

ATLA Catholic Periodical and Literature Index® (ATLA CPLI®)

Covering all areas of Roman Catholic theology and spirituality, this database features:

- More than 510,000 records
- A product of the American Theological Library Association (ATLA) since acquisition in September 2011
- Indexing of periodicals, essay collections, church documents, papal documents and electronic resources
- Indexing spanning from 1981 to the present, with quarterly updates
- Corresponding to index records produced by the Catholic Library Association (CLA) through the November 2011 update of the database
- Development of scholarly content includes increased coverage of international titles, enhanced coverage of multi-author essay collections, extensive harmonization and enrichment of records across the entire database, and additional electronic-only journals

ATLA Religion Database® with ATLASerials®

Combining the premier index of journal articles, book reviews and collections of essays in all fields of religion with ATLA's online collection of major religion and theology journals, this database provides:

- Full text for more than 442,300 electronic articles and book review from 230 journals selected by leading religion scholars
- More than 1.75 million article citations from over 1,700 journals (578 currently indexed)
- Additional content including essay citations from multi-author works, review citations and a growing number of multimedia citations

ATLA Religion Database®

The definitive index for information on topics such as biblical studies, world religion, church history and religion in social issues, this database covers:

- More than 1.75 million bibliographic records covering the research literature of religion in over 60 languages
- Article citations, essay citations from multi-author works, book review citations and a growing number of multimedia citations
- Content spanning from 1908 to the present, and an ambitious retrospective indexing project provides citations of select titles back to their original publication date

Christian Periodical Index®

Published by the Association of Christian Libraries, this database provides access to articles and reviews written from an evangelical perspective or of interest to the evangelical community. This database offers:

- Current indexing of more than 140 titles dating back to 1976
- Prominent subjects including religion, theology, biblical studies and pastoral theology
- Indexing from titles such as *Journal of the Evangelical Theological Society*, *Journal of Christian Nursing*, *Journal of Psychology and Theology* and more

Index Islamicus™

An international bibliography of publications in European languages on all aspects of Islam and the Muslim world, this database includes:

- Indexing for more than 3,400 titles with coverage dating back to 1906
- Coverage of history, beliefs, societies, cultures, languages and literatures
- Material published by Western orientalists, social scientists and Muslims writing in European languages

Index to Jewish Periodicals™

The definitive index on Jewish history, activity and thought, this database offers:

- A comprehensive guide to English-language articles, book reviews and features stories in more than 200 journals devoted to Jewish affairs
- Journal coverage dating back as far as 1988
- Titles including *Contemporary Jewry*, *Holy Land Studies*, *Jewish Culture & History*, *Journal of Palestine Studies*, *Studies in American Jewish Literature* and much more

New Testament Abstracts Online

The product of a partnership between the American Theological Library Association and Boston College and an indispensable research and bibliographic aid for scholars, librarians, clergy and students of the New Testament, this database covers:

- Abstracts for more than 48,000 articles, 1,700 reviews, plus 64 software abstracts
- Coverage dating back to 1985
- Over 2,000 articles added annually
- More than 18,000 book summaries with approximately 900 added annually

Old Testament Abstracts Online

A product of the partnership between the American Theological Library Association and the Catholic Biblical Association, this bibliographic resource for journal articles, monographs, multi-author works and software related to Old Testament studies offers:

- Abstracts from more than 500 journals
- Topics including antiquities, archaeology, biblical theology, philology and more
- Coverage dating back to 1978

The Philosopher's Index

Produced by the Philosophers Information Center, this database is considered the most thorough index of journal literature covering scholarly research in all major fields of philosophy and includes:

- Nearly 520,000 records from more than 80 countries with content representing a variety of languages
- Author-written abstracts covering scholarly research published in journals and books, including contributions to anthologies and book reviews
- Scholarly research in all fifteen fields of philosophy
