

# AICTE- and UGC-Approved/Recommended Databases from EBSCO

## 2014 Pricing and Special Offer

The All India Council for Technical Education (AICTE) and the University Grants Commission (UGC) have approved/recommended the use of select EBSCO resources. These resources provide academic institutions with 24/7 access to essential scholarly, full-text, peer-reviewed journals, books, monographs and more. EBSCO provides unlimited and unrestricted access to all students and faculty of subscribing institutions and the databases are fully compatible and accessible on iPads, iPhones, Android devices and other smartphones.

### AICTE- and UGC-Approved EBSCO Databases

■ **Business Source® Elite:** A rich collection of scholarly business, management, and economics journals providing full-text coverage for nearly 1,000 business publications and over 10,100 substantial company profiles from MarketLine.

Cost: \$3,675 USD

■ **Hospitality & Tourism Complete:** The premier collection of scholarly research containing more than 990,000 records and full text for nearly 830 publications relating to all areas of hospitality and tourism. Content in this database dates back to 1930.

Cost: \$3,675 USD

■ **Art & Architecture Complete™:** Provides coverage for hundreds of periodicals, books, academic journals, magazines and trade publications designed for use by a diverse audience that includes art scholars, artists, designers, college students and general researchers.

Cost: \$3,990 USD

---

### Special offer to AICTE / UGC affiliated colleges for 2014 who comply with the UGC Regulations on Technical and Professional Education.

All customers who subscribe to one or more of the above referenced collections will be provided with access to the following Engineering & Technology database package at no additional cost.

Databases in this collection include:

1. EBSCO Engineering Collection
2. EBSCO Polytechnic Collection
3. EBSCO Bio-Technology Collection
4. EBSCO Chemical Engineering Collection
5. EBSCO Environmental Engineering Collection
6. EBSCO Geo-Technology Collection
7. EBSCO Nano-Technology Collection

This combined package of Engineering and Technology resources includes more than 2,800 unique full-text titles featuring more than 240 Indian publications (350 when combined with Business Source Elite) and another 120+ titles from Eastern and Southeast Asia and represents a vital part of your database offerings for the coming year. It also allows your institution to remain in compliance with UGC regulations as outlined in the UGC Regulations on Technical and Professional Education for a period of one year.

Institutions may place their subscription orders online via EBSCO directly or through its distributors
