

Engineering Databases™

Available via EBSCOhost®

Inspec®

Inspec® is the leading bibliographic database providing abstracts and indexing to the world's scientific and technical papers in

- physics
- electrical engineering
- electronics
- communications
- control engineering
- computing
- information technology
- manufacturing
- production
- mechanical engineering

Inspec provides coverage from over 4,000 journals, more than 2,500 conference proceedings as well as numerous books, dissertations, patents and reports, and contains over eleven million records.

Significant coverage is provided in related disciplines such as materials science, oceanography, nuclear engineering, geophysics, biomedical engineering and many more.

***Inspec*® Archive - Science Abstracts 1898-1968**

Inspec Archive - Science Abstracts 1898-1968 is the leading bibliographic database providing abstracts and indexing to the world's scientific and technical papers in

- physics
- electrical engineering
- electronics
- computing
- control engineering

This database contains a backfile of nearly 874,000 records dating from the late 1800s to 1968 and includes conference proceedings, books, journals, dissertations and reports.
