

UGC-Approved/Recommended Database for Hotel Management and Catering Technology from EBSCO

2014 Pricing and Special Offer

The University Grants Commission (UGC) has approved/recommended the use of select EBSCO resources. These resources provide academic institutions with 24/7 access to essential scholarly, full-text, peer-reviewed journals, books, monographs and more. EBSCO provides unlimited and unrestricted access to all students and faculty of subscribing institutions and the databases are fully compatible and accessible on iPads, iPhones, Android devices and other smartphones.

This is the premier collection of scholarly research containing more than 990,000 records and full text for nearly 830 publications relating to all areas of hospitality and tourism. Content in this database dates back to 1930.

Special offer to UGC affiliated colleges for 2014 who comply with the UGC Regulations on Technical and Professional Education.

All customers who subscribe to Hospitality & Tourism Complete by **May 31, 2014** will be provided with access to the following Engineering & Technology database package at no additional cost.

Databases in this collection include:

1. *EBSCO Engineering Collection*
2. *EBSCO Polytechnic Collection*
3. *EBSCO Bio-Technology Collection*
4. *EBSCO Chemical Engineering Collection*
5. *EBSCO Environmental Engineering Collection*
6. *EBSCO Geo-Technology Collection*
7. *EBSCO Nano-Technology Collection*

This combined package of Engineering and Technology resources includes more than 2,800 unique full-text titles featuring more than 240 Indian publications and another 120+ titles from Eastern and Southeast Asia and represents a vital part of your database offerings for the coming year. It also allows your institution to remain in compliance with UGC regulations as outlined in the UGC Regulations on Technical and Professional Education for a period of one year.

Institutions may place their subscription orders online via EBSCO directly or through its distributors.
