## Database Coverage List

\*Core\* coverage refers to sources which are indexed and abstracted in their entirety (i.e. cover to cover), while "Priority" coverage refers to sources which include only those articles which are relevant to the field.

This title list does not represent the Selective content found in this database. The Selective content is chosen from thousands of titles containing articles that are relevant to this subject.

\*Titles with 'Coming Soon' in the Availability column indicate that this publication was recently added to the database and therefore few or no articles are currently available. If the ‡ symbol is present, it indicates that 10% or more of the articles from this publication may not contain full text because the publisher is not the rights holder.

**Please Note:** Publications included on this database are subject to change without notice due to contractual agreements with publishers. Coverage dates shown are the intended dates only and may not yet match those on the product. All coverage is cumulative. Due to third party ownership of full text, EBSCO Information Services is dependent on publisher publication schedules (and in some cases embargo periods) in order to produce full text on its products.
