Adding patient education to patient care...

Patient Education Reference Center™ (PERC)

PERC features a comprehensive collection of current, evidence-based patient education information for clinicians to print and distribute right at the point-of-care. The handouts provided by PERC are easy to read, include illustrations, and are structured to enhance patient knowledge and understanding of material. Handout topics covered include:

More than 4,000 common and chronic diseases and conditions

Over 750 specific procedures and lab tests

More than 2,800 lifestyle and wellness topics

Over 1,500 unique drugs (more than 8,000 brand and generic names)

Discharge and home care information for more than 1,000 related topics

In addition, PERC provides the following benefits:

More than 12,000 individual patient handouts

Material is written at a 3rd – 7th grade reading level

Easy integration with any EMR system for direct access from patient records

Content is available in both English and Spanish

Sophisticated customized printing feature allows clinicians to personalize handouts for individual patients according to their specific needs

Handouts can be branded with organization name and logo
