

Lexi-Comp ONLINE

Clinical Information for All Healthcare Professionals

Lexi-Comp ONLINE is a hospital-wide, Internet-based platform delivering trusted drug and clinical information. This resource offers multiple databases and modules, and an easy-to-use interface. Content is continually updated, providing access to the most current information available.

One Cost-Effective Solution for the Entire Patient Care Staff:

- + Pharmacists** can access deepening levels of drug information with *Lexi-Comp ONLINE*. Lexi-Comp provides clear, concise, point-of-care content with more in-depth information which may be researched by utilizing the AHFS content available in *Lexi-Comp ONLINE with AHFS*.
- + Physicians** value the *Lexi-Comp ONLINE* Harrison's Practice database—McGraw-Hill's point-of-care diagnosis and management tool with information on over 700 diseases and disorders. *Lexi-Comp ONLINE* also offers Lexi-Drug Plans with the formulary status of medications—as well as other plan-specific information—for nearly 5,000 prescription drug plans.
- + Nurses** find helpful guidelines to drug therapy questions and I.V. related issues within the Lexi-I.V. Compatibility module. Printable patient education leaflets—in 18 languages—are available through the Patient Education Module.

Lexi-Comp ONLINE includes the following clinical databases:

- *Lexi-Drugs*
- *Pediatric Lexi-Drugs*
- *Geriatric Lexi-Drugs*
- *AHFS Drug Information Essentials*
- *AHFS Drug Information*
- *Lexi-Drugs International*
- *Lexi-Natural Products*
- *Lexi-Pharmacogenomics*
- *Lexi-Drug Allergies*

Lexi-Comp ONLINE includes the following clinical modules:

- Patient Education (up to 18 languages)
- Drug Interactions Screening
- Drug Identification
- I.V. Compatibility (King Guide Online)
- Medical Calculations
- Poisoning & Toxicology
- Web Searching
